## USAMV IAȘI OPEN DAYS - 105 YEARS OF HIGHER EDUCATION IN IAȘI -

Iași, 19th -27th October 2017

### INVITATION

During the 105 years since its founding, "Ion Ionescu de la Brad" University of Agricultural Sciences and Veterinary Medicine of Iași has been and continues to be a pole of excellence in higher education and scientific research in the field of agronomic sciences.

Over time, regardless of the historical circumstances and the changes that have occurred during the period of social development of the country, the University remained true to its mission of training specialists in agriculture, horticulture, animal husbandry, veterinary medicine and food engineering.

In fulfilling this mission, a great deal of attention has been focused on the scientific research carried out by the University's academic staff and students, in collaboration with other universities, with research institutions in the region, in the country and on an international level.

Every year, for over five and a half decades, the University has proposed to gather specialists in the fields of agronomic sciences and food industry so that, together, to be able to find the best solutions that would lead to the increase in production, the improvement of its quality, the food safety of the population and to a better environment security.

„USAMV Iași Open Days”, taking place during **19th – 27th October 2017**, aim to promote the newest results of research, development and innovation that have been achieved in the diverse areas belonging to the life sciences field, and also to encourage the creation of some research poles of excellence in the field. For more details, please visit: [www.uaiasi.ro/zileleusamviasi](http://www.uaiasi.ro/zileleusamviasi)

During **19th – 20th October 2017**, the Scientific Congress with international participation will take place, being organized under the patronage of the Ministry of Research and Innovation. The agenda of the Congress and the procedure for submitting applications may be found on the website dedicated to this particular scientific event– [www.uaiasi.ro/congres](http://www.uaiasi.ro/congres)

The papers selected by the Scientific Committee, written in English, will be published, according to the subject area being covered, in the following specialised magazines/journals indexed in international databases (CAB International, Copernicus International, Genamics Journal Seek, SCIRIUS, DOAJ, AGRIS):

- „Scientific papers. Agronomy Series” (ISSN 1454-7414),
